

# British Science Week Poster Competition

We are inviting our children to enter this National poster competition.

The theme this year is 'Connections' so there are lots of STEM topics that could be explored! How about exploring how our body parts are all connected and work together, the connection between our actions and the impact on our environment, or even how internet connection has changed the world?

Last year's theme was 'Growth' and this was the winning junior entry.

5 entries from Newnham Juniors will be selected to enter the National Competition where they will be judged on:

**Creativity in approach** - Innovative angle on the content or creative interpretation of the theme

**Content** - Clear, accurate and informative about a Science topic

**Effective communication** - presented and communicated in an engaging way

Entries must be completed on one piece of A4 or A3 paper.

Please hand in entries no later than Friday 24<sup>th</sup> March to Mrs Horn.

For any more information please visit: [Homepage - British Science Week](#) or speak to Mrs Horn.
