CONSTRUCTION After School Clubs

10 WEEK
Programme

LIMITED SPACES - BOOK EARLY TO SECURE YOUR CHILD'S PLACE!

Do you love building different designs using your imagination? Learn to build using our different blocks such as Lego, Knex, Mobilo, magnetic blocks and so much more.

Learn to build on your own as well as part of a team. Create your own scene based on our theme of the week and create a story to show and tell the rest of the class.

Our Best Ever After School Club Programme:

Each week we also start with a STEM activity relating to science and engineering encouraging the children to think and problem solve together. A few examples include Tin Foil Buoyancy Boats, Paper airplane competition, paper bridge tension and loads more!

MORE INFORMATION:

Every Wednesday afternoon

Starting Wednesday 10th January 2024
