

Dear Parents and Guardians,

We would like to take this opportunity to introduce ourselves as The Pantry, your new school meals provider and to welcome you and your children.

From September 2020, The Pantry will be providing your children's lunch time meals service, offering traditional menus featuring a range of varied and exciting dishes. Our hearty, wholesome and homemade meals offer something for everyone, and we're confident your children will love them. All Key Stage 2 children will be required to pay for their meal at a charge of £2.03 per meal.

If you would like your child to eat with us at lunch time you will simply need to create a Pantry account on the [CREATE MENU](#) part of the website - or contact us and we'll get you set up. Our system is very user-friendly, and through your account you will be able to select what your child has and order lunch all the way up to February 2021. Your school will have a daily cut off time for ordering, so our team can cook the correct number of meals ordered. By doing so, we keep food waste to a minimum.

If your child has an allergy and requires a special diet menu, please contact us on [nutrition@thepantrycatering.co.uk](mailto:nutrition@thepantrycatering.co.uk). Your children's safety is our priority, and we follow a thorough special diet procedure to ensure they safely accommodated.

The Pantry's ordering system has been designed to ensure that, above all, your children's meals are safe and nutritious. It also speeds up queue times - so your children get more of their lunch time to themselves!

For your child to eat lunch with The Pantry, you must consent to the School providing us with your children's details, image and your contact information. You can do this by signing up to our system as above. All data will all be stored safely on our system and will not be used for any other purpose than feeding your children. If you would like to review our GDPR Policy, please contact us and we will gladly answer any questions.

The Pantry currently use this system to serve more than 13,000 children daily and we look forward to serving your children tasty and nutritious lunches in the very same way.
